Sikkim Goeche La is a trek in Sikkim state of India over in the Eastern Himalaya with views of Kanchenjunga the third highest mountain in the world.

Your journey starts by visiting the old British Raj hill station of Darjeeling followed by a classic eight day trek in Sikkim. This state of India is famous for its large variety of flora especially its orchids of which they are over 600 species. At the beginning of this beautiful trek you walk through sub-tropical forests and pasturelands of grazing yaks and then enter the pristine high alpine at higher altitudes.

The highest Camp on the trek is next to the sacred Samiti Lake, and the next morning we start early for the trek to the Goecha La pass opposite the immense eastern flank of Mt Kanchenjunga. There are many other impressive mountains seen on this trek including Kabru, Rathong and Pandim. After the trek we visit the hill station of Kalimpong staying at the historical Himalayan Hotel. PRACTICAL INFORMATION

A Typical Day On Trek

TYPICAL DAY ON CAMPING TREK IN NEPAL

We provide a comfortable experience on our camping style treks. Our team works hard to support you so

that you can relax and enjoy [trekking in Nepal](#). We provide personal tents, mess tent, kitchen tent and toilet tent(s). The camp will be set up and dismantled by the trek crew. We bring along a cook and kitchen helpers to provide the meals.

The day starts with an early morning mug of tea brought to your tent by one of the trek crew. Before heading for breakfast you pack your overnight gear into your duffel bag. During breakfast the trek crew pack away the tents. The porters arrange their loads and set off on the trail in the cool of the morning. After breakfast, between 7am and 8am, we start walking.

The pace of the trek is moderate as there is plenty of time in the itinerary to reach the camp for tonight. There will be plenty of time to enjoy the scenery, take photos and explore the local villages. Lunch will be around midday at a spot by the side of the trail. Our cooks prepare lunch for us and the food is usually ready by the time the group arrives.

After lunch we continue the walk and on most days we arrive to camp by mid afternoon. Some of the trek crew would have gone ahead of the group to set up camp and to put up the tents. On arrival to camp you will get a hot drink and biscuits. In the evening our cook will provide a three course meal in the mess tent around 6pm.

After supper the leaders will discuss the plan for the next day. Afterwards people might stay in the mess tent chatting about the day's events or playing cards. After a tiring day most people head to their tent quite early for the night. Tomorrow is likely to be very similar as today! The only difference is that if we are crossing a high pass or climbing to a summit we leave camp earlier in the morning.

You can read more about our [Camping Treks in Nepal](#) on our Blog. This article explains the advantages of camping versus teahouse lodge treks. It also describes what the campsite set up is like and more about the food provided by our cooks.

Food provided on Camping Trek

FOOD PROVIDED ON CAMPING TREK IN NEPAL

While on a camping style trek in Nepal we provide tasty and nutritional food. We make sure there is more than enough quantity to go around as trekkers will be hungry after a long day on the trail. Over the years we have worked on increasing the variety of the menus. We have expanded the list of ingredients provided to the cooks so they have more to work with. Also in 2015 we purchased two food dehydrators with a vacuum sealing machine. We dehydrate a large number of different vegetables in Kathmandu before departure. This has transformed the quality of food especially on longer treks to remote areas.

For breakfast we provide porridge or cereal, toast or chapatis and eggs. There will be hot drinks including tea, herbal teas, hot chocolate and coffee. We provide fresh coffee from our Bialetti Moka coffee machine.

For lunch we stop at a convenient spot with water at the side of the trail. The cook and kitchen walk ahead of the group in the morning and lunch should be ready shortly after our arrival. After lunch we have time to relax before starting to walk again in the afternoon.

On arrival at camp in the afternoon you have biscuits and a hot drink such as tea or coffee. Around 6pm we serve a three course meal in the mess tent. The starter is often soup with popcorn or poppadoms. We have a range of main dishes and carbohydrates including rice, potatoes or pasta.

We cater for a variety of dietary requirements. Our meals are suitable for vegetarians. If there is a meat dish then we also provide vegetarian options as standard. During booking we find out if you have any dietary needs and agree upon meal plans before departure. If you have any questions about the food provided please get in touch with us to discuss further.
